

Intelligence

91ST INTELLIGENCE SQUADRON

1. Mission. The 91st Intelligence Squadron (91 IS) is an operational component of the 694th Intelligence Group (694 IG), influencing decisive information operations shaping the battlespace environment. The squadron is specialized and consists of teams of a variety of disciplines supporting global reach, focusing global power, and securing and maintaining information superiority by supporting Air Force personnel possessing technical, leadership, and managerial skills required by the National Security Agency (NSA) to achieve its worldwide programs and manage its global resources, and perform research, development, engineering, acquisition, and logistics for intelligence systems. The 91 IS performs information operations through multiple sources for national, theater, and tactical customers.

2. Command. The 91 IS Commander (91 IS/CC):

- 2.1. Is subordinate to the 694 IG Commander (694 IG/CC).
- 2.2. Oversees the administrative support of the assigned flights within NSA.
- 2.2. Influences the collection, analysis, production, and intelligence activity within NSA.

3. Responsibilities. The 91 IS/CC:

- 3.1. Exercises command and control of 694 IG personnel dispersed among the 91 IS flights.
- 3.2. Provides operational support, in liaison with the 694 IG, to all squadron members involved in NSA activities as needed.
- 3.3. Coordinates with appropriate elements within groups in NSA to present orientation briefings and support to supervisors of squadron members.
- 3.4. Executes duties as necessary or as directed by higher headquarters.

JAMES J. ROMANO, Colonel, USAF
Director of Plans and Requirements
